

## safety at primland

Your well-being is of the utmost importance to everyone at Primland. For your protection, please follow these simple guidelines to insure your visit with us is a safe one.

- Do not approach or feed the wild animals. Primland has an abundance of native species that are protective of their territory and their young.
- Please stay back from the edge of all overlooks and steep embankments. Do not cross over the guardrails. Enjoy the views from a safe distance.
- Please obey posted speed limit signs. They are in place for your protection as well as that of other guests and wildlife. Drive with care on our mountainous roads.
- For your safety, please notify security or guest services of your intended route and return time when venturing off on your own on unguided activities
- Obey safety regulations for all activities as indicated. For guided activities, please carefully follow the guide's instructions at all times.
