## whitetail deer hunting

Primland offers semi-guided fair chase whitetail deer hunting during a state-regulated hunting season, which generally runs from November through January but is subject to change by The Virginia Department of Game and Inland Fisheries. Hunters are transported to their hunting areas and blinds by Primland guides, who also assist in tracking and recovering downed game. Virginia hunting licenses are required and sold on site. Complete meat cooling and processing services are available.

- This is true fair chase hunting at its best, with no guarantee of success.
- The deer herd numbers over 1,000 and only 12 hunters are allowed each day.
- Hunting packages including meals and lodging are available.

## spring gobbler hunting

Wild turkey hunting at Primland is a challenging and exhilarating experience. The fair chase wild turkey season runs from April-May. Our vast acreage and varied landscape is ideally suited to Eastern Wild Turkey. Habitat management efforts have created an excellent environment for nesting and brooding. Due to our spring-only hunting strategy and predator control efforts, gobbler populations at Primland are high.

- This is true fair chase hunting at its best, with no guarantee of success.
- Our specialized turkey guides are very experienced.
- Guests have an excellent chance of taking a trophy long-beard.

## sporting clays

*Esquire* magazine has named Primland's sporting clays facility one of the top 25 courses in the nation. Shooters progress through 14 stations along a mile long course and are presented with a variety of targets. Stations simulate hunting for pheasant, quail, grouse duck and rabbit. Five-stand incorporates the best of skeet, trap and sporting clays into a field game that is fun and challenging. Each shooter attempts five targets from each of five stations for a twenty-five shot round. Expert shooting instructors are available to help perfect technique. Sporting Clays is a year-round activity.

For more detailed information or to make a reservation, please call (866) 960.7746 or visit [primland.com](http://primland.com).

## wingshooting

Primland has been an Orvis-endorsed wing shooting lodge since 1990. Guided hunts are available 7 days a week from September to April and can be experienced with your own gun and dog or ours.

### Upland Shoots

- Pheasant hunting is a specialty here and bob white quail and chukar provide additional shooting opportunities for our guests.
- Wingshooting is conducted in extensively managed habitat including small grains and warm season grasses.
- Early release methods ensure an abundance of hard flushing, flighty birds.
- Bird cleaning services are available.

### European Style Shoots

- We offer tall pheasants for 6-10 gun lines across the ravines of our property.
- Loaders and dog handlers dressed in proper shooting attire add European elegance and style.

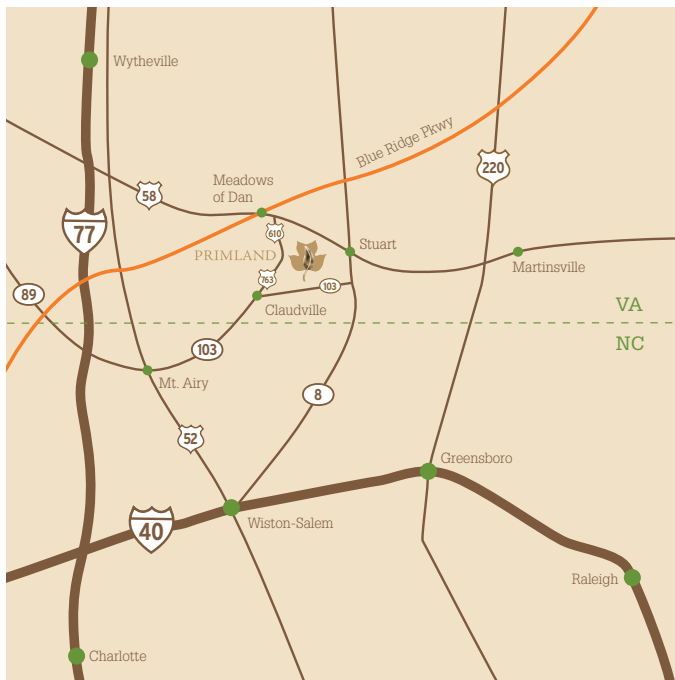

## fishing & riding

Fish year-round in our ponds and streams for trout and bass. The six-mile stretch of the scenic Dan River that lies adjacent to Primland is rugged, remote and home to beautiful wild trout. Guided fly-fishing with our Orvis-trained experts is offered on a catch and release basis only for the wild brown, brook, and rainbow trout that inhabit these clear waters. For fly casters seeking less challenging terrain, the broader and more forgiving Kibler Valley section of the Dan River is located nearby.

In addition to overnight accommodations for our guests' horses, Primland's stable provides guided horseback riding along scenic trails. Primland's extensive biking trails offer the perfect opportunity to explore the property's twists and turns. If man-made horsepower is more appealing, take one of our ATVs out for a guided spin and enjoy panoramic vistas on trails created especially for ATVs.

## getting to primland

Primland is located about 30 minutes from I-77 as it crosses the Blue Ridge Parkway in Southwest Virginia. For complete information including hunting and lodging packages, photos, floor plans, menus and pricing, please visit [primland.com](http://primland.com) or call toll free (866) 960.7746.
